

towards data p...

- 1 Training and testing process with K-NN with suitable examples and diagram.
- 2 Madaline Theory
- 3 Adaline Theory
- 4 Perceptron theory
- 5 Learning Rules of any theory / Problem
- 6 Diff between Supervised & Unsupervised
- 7 Explain different learning Process with e.g
- 8 Diff between Biological & Artificial Neuron
- 9) Differentiate between Adaline & Perceptron with dia
- 10) Different architectures of Neural Network.
